

福島市立小中学校等施設の現状

Table showing current status of school facilities. Columns include school type, building category, number of schools, and counts for different age groups and seismic status.

福島市立小中学校等施設別耐震基準内訳

Table detailing seismic standards for school facilities. Columns include school type, building category, number of new/seismic-resistant buildings, and counts for various seismic risk categories.

Summary table of school facility counts, including counts for new buildings, seismic-resistant buildings, and buildings requiring seismic reinforcement.

Table showing completion rates for seismic reinforcement by school type: elementary school (90.7%), middle school (94.7%), special support school (100.0%), and kindergarten (90.0%).

福島市立小中学校等施設別耐震化の推移

Large table showing the historical progression of seismic reinforcement from 2005 to 2024, including metrics like total buildings, seismic-resistant buildings, and completion rates.

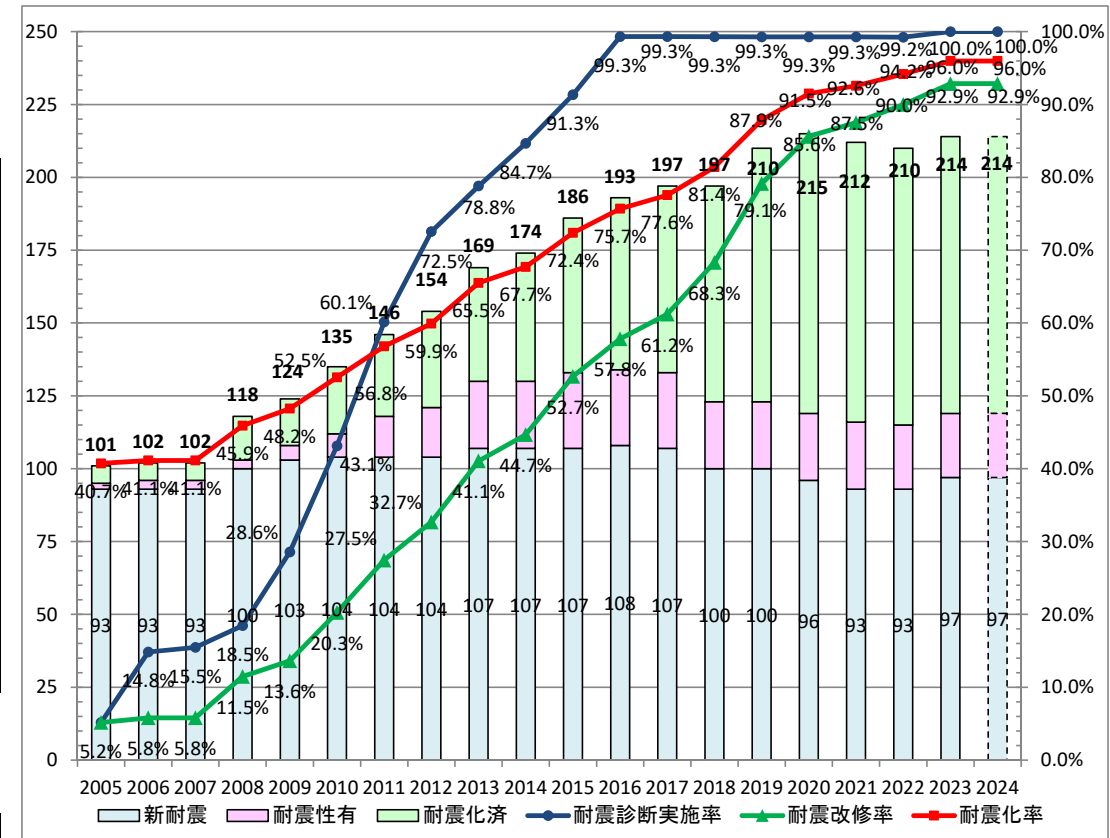

Table showing the historical progression of seismic reinforcement specifically for elementary and middle schools from 2005 to 2024.

耐震診断実施率：旧基準の総棟数に対する耐震二次診断を実施した棟数の割合
耐震改修率：旧耐震基準で建設された棟数に占める耐震補強済棟数及び改修不要(ランクA)棟数の割合
対象施設：床面積の合計が200㎡以上の小・中・特別養護学校施設(校舎・体育館)及び幼稚園園舎のうち、建築基準法(昭和25年法律第201号)に規定する新耐震基準の施行(昭和57年)以前に建築(＝旧耐震)されたものを対象
